

POPSTAR METALCOLOR

PELLET STOVE

The flame even more beautiful, thanks to the burner with Pellet Power® technology able to combine functionality without sacrificing the charm of fire. With a pellet reserve capacity of 25 kg, Popstar is the result of an engineering project that combines the best of years of experience and innovation. Versatile, modern and timeless like a Popstar.

- 1 - Symmetrical integrated upper smoke outlet for Ø80 and coaxial pipe Ø125/130
- 2 - Heat exchanger with Thermocore® technology
- 3 - Rear smoke outlet in axle with the stove
- 4 - Programmable control screen, with remote control
- 5 - Removable handle. Essentiality in design and greater safety
- 6 - PelletPower® patented burner
- 7 - Precious crystal door
